Relevant Experiences

UX/UI Intern
Vietcetera Media

April 2025 - August 2025

- Collaborated within a cross-functional team to translate concepts into interactive, responsive web experiences, applying UI design and UX design principles across the product.
- Contributed to and maintained the company's design system as a team member,.
- Supported wireframing and prototyping workflows in Figma to align design decisions with user flows and usability goals.

Graphic Designer
RMIT Vietnam
Logistics Club

March 2024 - February 2025

- Designed key visuals, social media graphics, and branded merchandise for club events, strengthening the club's visual identity and brand consistency.
- Produced social media design content that increased engagement on the club's Facebook fanpage and drove in-person event participation.

Freelance Design

2024 - NOW

- Partner directly with individual clients and brands to design website experiences, digital product prototypes, and graphic materials end-to-end.
- Deliver responsive web design and digital product design solutions in Figma, from wireframes through high-fidelity prototypes.
